

Made to Measure Swing Irons Measurements Required

Measurements are needed for this product. Please measure carefully using the guide below - either in inches or millimetres and enter your measurements in the boxes provided. Important note if you are unable to supply measurements now we will still take your order but before processing it will contact you for the required information.

- (W)** Width of the top rail
- (L)** Length of Swing Iron
- (T)** Thickness of hoof rails through which the lower ends of the irons will pass
- (D)** Distance apart of hoof rails, front and back

NB: Any replica swing irons will be made as closely as possible to the dimensions supplied. Tolerances and manufacturing limitations may affect the final dimensions.
